IMPORTANT READ CAREFULLY: This End-User License Agreement (“EULA”) is a legal agreement between you (“YOU” or “FINAL USER”) (either an individual or a single entity) and ecoinvent (LICENSOR). **BY CLICKING “I ACCEPT”, DOWNLOADING, MODIFYING OR USING THE DATA, DATASETS OR DATA BASE (“DATASET”) OR ACCESSING THEM IN ANY OTHER WAY, YOU AGREE TO THE TERMS AND CONDITIONS OF THIS EULA. IF YOU DO NOT AGREE OR ARE NOT A FINAL USER AS DEFINED IN THIS EULA, YOU HAVE TO STOP THE USE OF THE DATASET IMMEDIATELY, YOU ARE NOT ALLOWED TO COPY OR USE THE DATASET; YOU HAVE TO DELETE ALL DOWNLOADED DATASET ON ALL MEDIA. IF YOU ARE NOT A FINAL USER AS DEFINED UNDER THIS EULA, YOU HAVE TO CONTACT THE LICENSOR FOR THE USE OF THE DATASETS UNDER PEF@ecoinvent.org.**

1. Definition

“**LICENSOR**”: means ecoinvent Association, an association founded by five Swiss research institutes according to Art. 60 et seq. of the Swiss Civil Code (in German: “Verein”), having its registered office in Zurich, Switzerland.

“**DATASET**”: this present and any of the Life Cycle Inventory (LCI) datasets or Life Cycle Impact Assessment (LCIA) results datasets that are published by the LICENSOR in the International Reference Life Cycle Data System (ILCD) data format via the **ecoinvent LCDN node** of the International Life Cycle Data Network (ILCDN) under this address: (<http://ecoinvent.lca-data.com/>)

“**FINAL USER**”:

Any person or organisation (or their contactors via them) using one or more of the datasets made available through this tender when carrying out a PEF or OEF study in compliance with any PEF/CR/OEFSR developed in the context of the Commission led pilot phase on Environmental footprint. For the list of PEF/CRs/OEFSRs see webpage http://ec.europa.eu/environment/eussd/smgp/PEFCR_OEFSR.htm

Any third party (either an individual or single entity), who is not defined as Final User under this EULA, is only allowed to use the DATASET after prior written approval of the LICENSOR and

under additional conditions. Non- FINAL USERS have to contact the LICENSOR under PEF@ecoinvent.org.

REGULAR PRODUCT ENVIRONMENTAL FOOTPRINT (PEF) STUDIES AND ORGANISATION ENVIRONMENTAL FOOTPRINT (OEF) STUDIES:

Studies that are developed and used in compliance with the rules specified in the European Commission's Product Environmental Footprint (PEF) and Organisation Environmental Footprint (OEF) guides, published as Annexes II and III of the COMMISSION RECOMMENDATION of 9 April 2013 on the use of common methods to measure and communicate the life cycle environmental performance of products and organisations (2013/179/EU) [in: Official Journal of the European Union, L124, Volume 56, 4 May 2013 (ISSN 1977- 0677)], as well as meeting additional requirements as specified currently in the latest version of the Commission's "Guidance for the implementation of the EU Product Environmental Footprint (PEF) during the Environmental Footprint (EF) pilot phase" and the "Guidance for the implementation of the EU Organisation Environmental Footprint (OEF) during the Environmental Footprint (EF) Pilot Phase" - if applicable- or replacing documents, and any referenced documents.

"MODIFIED"/"MODIFICATIONS" refers to having omitted, changed or added information of a DATASET, resulting in a data set that however still represents semantically the same or a very similar product system as the original DATASET. For example, but not limited to, changing, adding or removing emission flows or removing or changing data set documentation information. This does not refer to changed storage form or format of a DATASET.

"DERIVED" refers to a DATASET that was obtained by combining via mathematical operations one or more of the DATASET, and by making use of substantial additional information and/or third party data sets, resulting in a significantly different data set (i.e. LCIA results differ more than 10% after normalization and weighting) for a semantically different product system (such as, but not limited to, the same product but for a different country that is not among the DATASETS under this EULA, or (example for level-1 disaggregated DATASETS) using a different electricity or transport process in the database.

2. Grant of License

The LICENSOR grants the FINAL USER through a dedicated node in the International Life Cycle Data Network (ILCDN) the non-exclusive, non-transferable, and non-sublicensable license for the use of the Life Cycle Data for implementing regular Product Environmental Footprint (PEF) studies and Organisation Environmental Footprint (OEF) studies exclusively under the specified 24 Product groups and 2 sectors as defined in the 24 Product Environmental Footprint Category Rules (PEFCR) and 2 Organisation Environmental Footprint Sectorial Rules (OEF SR) listed in the Annex and in accordance with the terms and conditions of this EULA exclusively until 31st December 2020 (PERMITTED USE). In case a data set has a defect it will be repaired and replaced within (i) the same data stock with an upgraded version and same UUID, or (ii) a separate data stock with a different UUID and reference to the original dataset. The FINAL USER can subscribe

for free to an information mailing list that will inform any such repair or replacement within 10 business days.

NOTE that the PEFCRs and OEFSRs specify among others for which parts of the life cycle model primary data from industry must be used, i.e. PEF/OEF studies without such primary data are not regular PEF or OEF studies.

3. Description of other Rights and Limitations

The LICENSOR grants to the FINAL USER the right to use, reproduce and adapt the DATASET for all media and using all channels, methods and processes whether known or unknown on the date hereof for the PERMITTED USE.

The Right of reproduction includes the right to reproduce all or part of the DATASET on all current and existing media and in particular the right to digitalize the DATASET; save them on media; modulate; compress, decompress or use all other technical processes of the same type with regard to the digitized DATASET for the purpose of the storage, transfer, IT processing, adapting and or use thereof.

The adaption right includes the right to modify, reformat, extract or incorporate the DATASET or any part thereof, assemble and incorporate the DATASET, or any isolated component or part thereof in any other work or document, by any means and using any technical or artistic process.

Any use beyond this aforementioned PERMITTED USE or by other persons or entities than the FINAL USER is only allowed with the prior written notice of the LICENSOR and against an additional charge.

4. Reservation of rights and Ownership

The DATASET allocated by the LICENSOR are copyright protected universally. Additionally, the license terms of other software or database manufacturers apply for the software tools or databases integrated in the Database and DATASETS as described in the conditions of this EULA, if applicable.

No patents, copyrights, trademarks or any other kind of property rights of the data, datasets, database, software or any other material shall be transferred to the FINAL USER by granting the rights under this EULA.

5. Limitation on Reverse engineering, decompilation and disassembly

You may not reverse engineer, decompile or disassemble the DATASET, unless granted otherwise under this EULA.

6. No Rental, no Hosting

You are not allowed to use the DATASET:

- for any other purpose than the PERMITTED USE as defined under this EULA, including for commercial, non-commercial or educational purposes.
- lease, license, sell or distribute the original or MODIFIED DATASET, for free or against a fee, and independently whether in ILCD format or any other form or format. The permitted exception is the distribution of the original DATASET for free among project partners (entities or persons) implementing a specific PEF or OEF study under the named 26 PEFCRs and OEFSRs and meeting the other requirements under this EULA. These conditions also apply analogously to DATASETS that were already previously redistributed. In case the data set documentation is required for PEF or OEF study reporting purposes, the metadata can be distributed in the study, but excluding the life cycle inventory and LCIA results of the DATASET.

Distribution for free of a PEF or OEF LCI result data set as one form of DERIVED DATASET is permitted. The distributed PEF or OEF LCI result data set must retain a reference to the fact that one or more DATASETS under this present license, provided by the LICENSOR and developed based on ecoinvent data sets, have been used, and an electronic reference to the data node (<http://lcdn.ecoinvent.com>) is to be included in visible form for the user. The correct citation of an **ecoinvent PEF data** or a **derivate data** for external communication is:

- ecoinvent (2017-2020). [Dataset Name], [Geography Shortname], [Dataset UUID], [Dataset version]. ecoinvent (2017) Data on the Production of Chemicals created for the EU Product Environmental Footprint (PEF) pilot phase implementation, www.ecoinvent.org, ecoinvent Association, Zürich, Switzerland. Restricted use. Download from <http://ecoinvent.lca-data.com/>

Distribution of other types of DERIVED DATASETS that are not PEF or OEF results or against charges or fees is not permitted.

Any public, written or oral communication by the FINAL USER or any third party referring the DATASETS (including but not limited to websites, newsletters, articles, scientific papers, oral presentations, webinars, slide shows, ...) has to identify in a prominent and well visible place the source of the DATASETS as follows:

- ecoinvent (2017-2020): Data on the Production of Chemicals created for the EU Product Environmental Footprint (PEF) pilot phase implementation. Use only permitted under the license conditions found in each dataset. <http://ecoinvent.lca-data.com/>

7. Third Party Content

The DATASET might have been developed by using third party data or other content, and the FINAL USER has to respect the license terms for the affected content, if applicable. Such content will be marked. The use of such content has no legal consequences for the FINAL USER as long as he keeps within the scope of the preceding contractual terms.

8. Additional Service

In the event the FINAL USER wishes to use additional Data, Datasets, Software or any other material of the LICENSOR, the LICENSOR will grant to FINAL USER additional access by entering an additional license agreement against additional charge.

9. Remuneration

The use of the DATASET for the PERMITTED USE and under the conditions of this EULA is for free by the FINAL USER.

Any other or exceeded use of the DATASET or the use of further Datasets or material of LICENSORS database or any other material not covered by this EULA is subject to additional charge. In this event you are obliged to pay the LICENSOR the remuneration for this additional Service according to Licensor's actual price list, with retroactive effect from the date of such use.

10. Defects

The LICENSOR shall provide the DATASET in accordance with the standards of skill and care reasonably expected from a leading service provider in the LICENSOR's industry to the European Commission.

A defect occurs if the DATASET can't be used, downloaded or modified as granted under this EULA, or has errors in the data inventory itself or errors in the metadata (documentation) that relevantly and negatively affect the correct use of the DATASET and the arising defect cannot be dealt with using organizational means. Any other discrepancy of the PERMITTED USE does not represent a defect.

The FINAL USER is to notify the LICENSOR via Email to pef@ecoinvent.org immediately about any defects that arise or are suspected to have arisen in form of DATASET's defects. The arising circumstances and explanations/justifications have to be described in detail by the FINAL USER.

In the event a defect occurs, LICENSOR's only liability will be the repair or the replacement of the affected DATASET. The repaired or replaced DATASET will be available exclusively via the same dedicated ILCDN node as the other DATASETS. The FINAL USER has no further claim arising from such defect. The FINAL USER can subscribe to a free email information service via <http://ecoinvent.lca-data.com/> via which channel the LICENSOR will inform all subscribed FINAL USERS about any identified defects and data repairs or replacements, or other relevant information about the DATASETS and data node and other relevant information in PEF/OEF context.

LICENSOR do not warrant any quality of the DATASET beyond the stated data quality as documented in the data set documentation and reviewed by an independent external review panel. The LICENSOR do not warrant the suitability of the DATASET for FINAL USERS intended purpose. The use of any DATASET by the FINAL USER is at the FINAL USER's own risk.

13. Liability, Limitation and Exclusion

THE DATASETS ARE PROVIDED BY THE LICENSOR "AS ARE" AND ANY EXPRESS OR IMPLIED WARRANTIES, INCLUDING, BUT NOT LIMITED TO, THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE ARE DISCLAIMED. IN NO EVENT SHALL THE LICENSOR BE LIABLE FOR ANY DIRECT, INDIRECT, INCIDENTAL, SPECIAL, EXEMPLARY, OR CONSEQUENTIAL DAMAGES (INCLUDING, BUT NOT LIMITED TO, PROCUREMENT OF SUBSTITUTE GOODS OR SERVICES; LOSS OF USE, DATA, OR PROFITS; OR BUSINESS INTERRUPTION) HOWEVER CAUSED AND ON ANY THEORY OF LIABILITY, WHETHER IN CONTRACT, STRICT LIABILITY, OR TORT (INCLUDING NEGLIGENCE) ARISING IN ANY WAY OUT OF THE USE, DISTRIBUTION OR MODIFICATION OF ANY OF THESE DATASETS, EVEN IF ADVISED OF THE POSSIBILITY OF SUCH DAMAGE.
